

REFERRAL PARTNER PROGRAM

A unique partnership opportunity

The Windstream Enterprise Referral Partner program serves as a source for relationship-based sales referrals from industry and non-industry related professionals. Contracted Referral Partners who provide lead opportunities to our sales team will earn a monthly residual commission for all referrals that become customers.

Commission plan

Our referral agreement requires a net-new annual revenue benchmark of only \$3,000 per year.

The referral process is simple. When you partner with one of our direct sales representatives, simply share a prospective opportunity, and we will complete the sales process. When the customer is installed and billed, you will earn commissions. The residual commission percentage is based on a tiered structure that pays according to the total contracted revenue.

MONTHLY BILLED REVENUE	COMMISSION RATE
\$0 - \$499	3%
\$500 - \$999	4%
\$1000 - \$1999	5%
\$2000 - \$2999	6%
\$3000 - \$4999	7%
\$5000+	8%

NOTE: CPE Sales will be commissioned at 3%.
