

OFFICESUITE UC

# OfficeSuite UC: Our premier UCaaS solution for exceptional reliability, 100% in the cloud

OfficeSuite UC® is an enterprise-grade communications platform that runs on the Windstream Enterprise network or your existing network. It's an intuitive, feature-rich UCaaS solution with a best-in-class self-management portal.

## OfficeSuite UC: Easy to deploy; even easier to use

OfficeSuite UC empowers both administrators and end users with comprehensive tools to instantly make changes, provision services, add users and order phones via any device. It's so easy, users can self-manage features, freeing IT to focus on strategic innovation and growth.

### Maximum security, superior scalability

Businesses know when it comes to communications, information security is key to success. OfficeSuite UC addresses that need, using proprietary technology to encrypt calls, messages and meetings and securing them in the cloud, eliminating risk while protecting data and brand. It's also scalable to 2,500 users, so it can easily grow along with your needs.

### More collaboration for the buck

Use one intuitive system for your entire organization without expensive wiring or IT support. Experience seamless collaboration and communicate across locations, using any device, while reducing IT complexity.

You can also leverage productivity and customer experience enhancing features, including extension dialing across all your locations. As well as, embrace mobility as you move between offices, share workspaces and use any phone as your own.

### Only from Windstream Enterprise

OfficeSuite UC offers the flexibility to let you select the underlying network that best meets your needs, over-the-top if needed. And, we can pair it with Windstream Enterprise SD-WAN to deliver voice, video and collaboration service with an even higher degree of reliability and quality of service. Finally, since we own the code, it's available exclusively from Windstream Enterprise.
