Combine SD-WAN, unified communications and security for superior reliability and quality of service

SD-WAN: Optimize and transform your network

SD-WAN Concierge™ combines the intelligent, dynamic traffic routing of SD-WAN with consulting and professional services to help you create a customized hybrid WAN solution that utilizes the best available access options.

OfficeSuite UC®: Easy to deploy; even easier to use

A 100% cloud-based phone, mobility and unified communications system gives your organization flexibility and resilience. Enable your employees to access their phone features such as calls, chat, video conferencing and SMS text messaging from anywhere on any device via a fully hosted system.

MNS: Keep your critical data safe from cyber threats

MNS is a comprehensive suite of managed security services you can apply to your network to minimize network threats and maximize uptime.

1. Subject to applicable terms and conditions. Customer must purchase both SD-WAN Concierge™ and OfficeSuite UC® on a minimum three-year term to qualify for the Satisfaction Guarantee. Managed Network Security may be included if purchased with SD-WAN. Customer is responsible for the payment of all services prior to cancellation. This offer does not apply to any other services provided by Windstream Enterprise or applicable access charges.
