

COMMUNITY-BASED SOLUTIONS

Connecting your community with virtual programs

Continue to offer vital services to your employees, clients and beyond through flexible audio, video and web conferencing.

Meet face-to-face from anywhere

Transform outreach

Support care continuity

Enable privacy and security

Our solutions allow you to communicate and collaborate face-to-face in real time or on demand—all while enabling mobility and privacy.

Facilitate virtual counseling and staff meetings

Host and join high-quality video, audio and web calls from any device with Virtual Visit, powered by HD Meeting®. Our secure, cloud-based platform helps to stay in touch in meaningful ways when in-person meetings are not an option.

Meet 1:1 or reach the masses

Benefit from small to large meeting options: 25, 100, 500 or 1,000 participant options per host.

Securely communicate from any device

Enable voice calls, chat, SMS text messaging, forward numbers and reroute calls in real time with OfficeSuite UC®. Assigned softphones allow users to make calls via a smartphone or desktop app without divulging their personal phone number.

Securely connect and collaborate at any time, from any location, to enhance community interaction and support.

Unified Communications with OfficeSuite UC

A 100% cloud-based phone, mobility and unified communications system gives your organization flexibility and resilience, while maintaining strong security controls. Enable your staff to access phone features such as calls, chat, video conferencing and SMS text messaging from anywhere on any device via a secure, fully hosted system.

Protects client data and prevents unauthorized access to private information.

Offers a Business Associate Agreement, upon request, to certify our part in assisting customers with achieving compliance.

Runs on the network of your choice—Windstream Enterprise or another provider.

Integrates with popular 3rd party applications via our standards-based API.

Reduces reliance on help desk support by offering a true “single pane of glass” for all services and interactions with Windstream Enterprise, as well as end-user feature management in our WE Connect portal.

Virtual Visit, powered by OfficeSuite HD Meeting

Easily connect face-to-face with anyone, anywhere with built in security. Host and join HD video, audio and web conferences from any phone, computer or mobile device. Features can be disabled to support customer privacy.

Empowers meetings and training functionality such as small group breakouts, screen share from an iPad, PC or smart whiteboard, as well as the ability to record.

Leverages full-feature licenses—receive your own private, virtual meeting ID that can host up to 1,000 participants per host.

Reduces unnecessary exposure by meeting remotely from the comfort of your own home.

Enables meeting passwords, locks out uninvited attendees and provides AES 256-bit session encryption.

Integrates with popular 3rd party applications—easily connect to Outlook, Slack, Microsoft Teams and more.

Try flexible, mobile video and audio conferencing—free for 90 days.

Please contact your account representative or visit windstreamenterprise.com/offers for details.

About Windstream Enterprise
