

## WINPOD FOR AVAYA XCAAS

# Ensure 100% uptime for UCaaS and mission-critical applications

Cloud advantages  
with on-prem  
peace of mind

Business continuity  
for Avaya XaaS

Unparalleled  
resiliency for critical  
applications

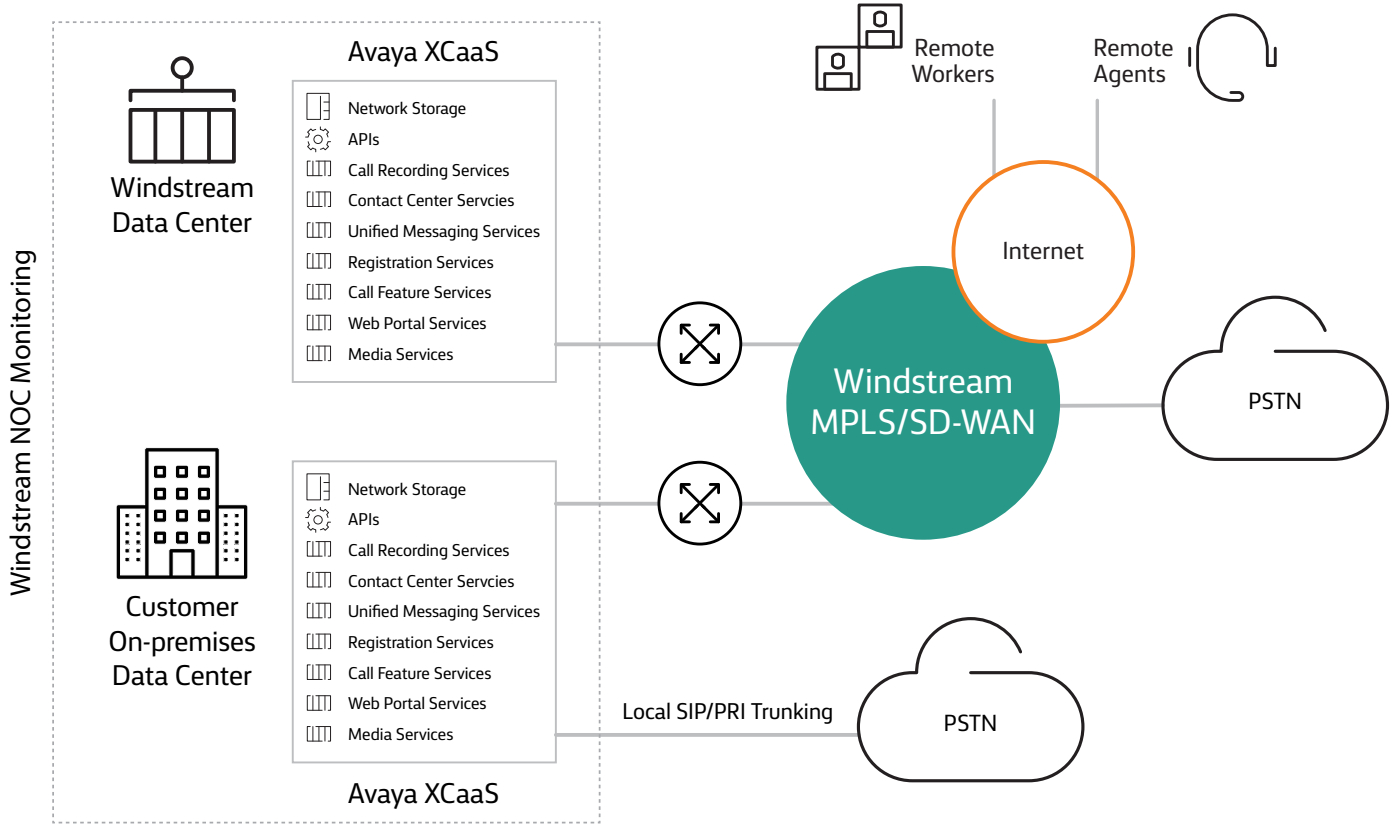

Secure cabinet with  
backup to a geo-redundant  
data center

WINpod, powered by Windstream Enterprise, offers unprecedented protection for cloud-based solutions by moving the primary data center to your site in a secure, Windstream Enterprise owned and controlled cabinet.

## Benefits of an on-premises data center

- + Offers backup to data centers in the cloud
- + Guarantees essential applications, such as SpectraLink, CRM and local copper/PRI trunking, function in the event of a network outage
- + Supports mission-critical environments, like healthcare and financial services, that have little or no tolerance for downtime
- + Provides all equipment, labor, UCaaS and CCaaS licensing with OPEX monthly pricing
- + Presents a competitive, cost-effective solution

WINpod, powered by Windstream Enterprise, ensures peace of mind with on-premises survivability.

#### About Windstream Enterprise

Windstream Enterprise collaborates with businesses across the U.S. to drive digital transformation by delivering solutions that solve today's most complex networking and communication challenges.
