- United Kingdom
- United States

Powering global workforce communications and connectivity

U.S. enterprises with locations across the globe can rely on OfficeSuite UC to provide a seamless, secure communications and collaboration experience with:

- **Flexible access** from any Internet-connected desktop or mobile device, whether or not that device is managed by the enterprise
- **Global time zone support** to foster a work-from-anywhere environment
- **Free intra-company calling** that bundles OfficeSuite UC calls within a company’s monthly per seat fee
- **International direct inward dial numbers** to give workers local telephone presence at the international location
- **Local number portability** to allow users to retain their existing phone numbers for use with this solution
- **Competitive pricing** on a per-seat basis

Windstream recognized in the 2019-2022 Gartner\(^\circ\) Magic Quadrant\(^\text{™}\) for Unified Communications as a Service, Worldwide
Leverage an award-winning unified communications platform

**Improved productivity**
- Click-to-call international colleagues via company contact directory
- Leverage VoIP chat and messaging to multi-national locations
- Easily accelerate from UC to an OfficeSuite Live video call

**Easy management**
- Manage it all via a convenient mobile WE Connect app, with presence indicator to signal availability across time zones
- Access extensive self-service capabilities available to end users, complete with help videos and live chat
- Benefit from no phone reboots

**100% cloud-based reliability, flexibility and security**
- Control it all from the cloud with rich administrative functionality
- Maintain all customer data in fully geo-redundant data centers
- Get robust SLAs with high service availability
- Encrypt all calls, messages and meetings—end-to-end over the Internet

**Why OfficeSuite UC from Windstream Enterprise**

**Single pane of glass to manage it all**
Our best-in-class WE Connect portal enables an unrivaled digital experience, complete with intuitive desktop and mobile applications for real-time visibility, administrative control and end-user communication tools.

**One provider to deliver it all**
Ensure higher resiliency and optimized performance by converging UC and contact center services on a Secure Access Service Edge (SASE) framework via a single pane of glass—backed by industry-first service guarantees and a dedicated team of technology experts.

**Predictable, budget-able expenses to plan for it all**
Consistent monthly fee per seat, combined with included intra-company calling helps defend against international “sticker shock”.
