

# Ensure 100% uptime for UCaaS and mission-critical applications

Cloud advantages with on-prem peace of mind

Business continuity for Avaya XCaaS

Unparalleled resiliency for critical applications

Secure cabinet with backup to a data center

---

WINpod, powered by Windstream Enterprise, offers unprecedented protection for cloud-based solutions by moving the primary data center to your site in a secure, Windstream Enterprise owned and controlled cabinet.

## Benefits of an on-premises data center

---

Offers backup to a data center in the cloud

---

Guarantees essential applications, such as SpectraLink, CRM and local copper/PRI trunking, function in the event of a network outage

---

Supports mission-critical environments, like healthcare and financial services, that have little or no tolerance for downtime

---

Provides all equipment, labor, UCaaS and CCaaS licensing with OPEX monthly pricing

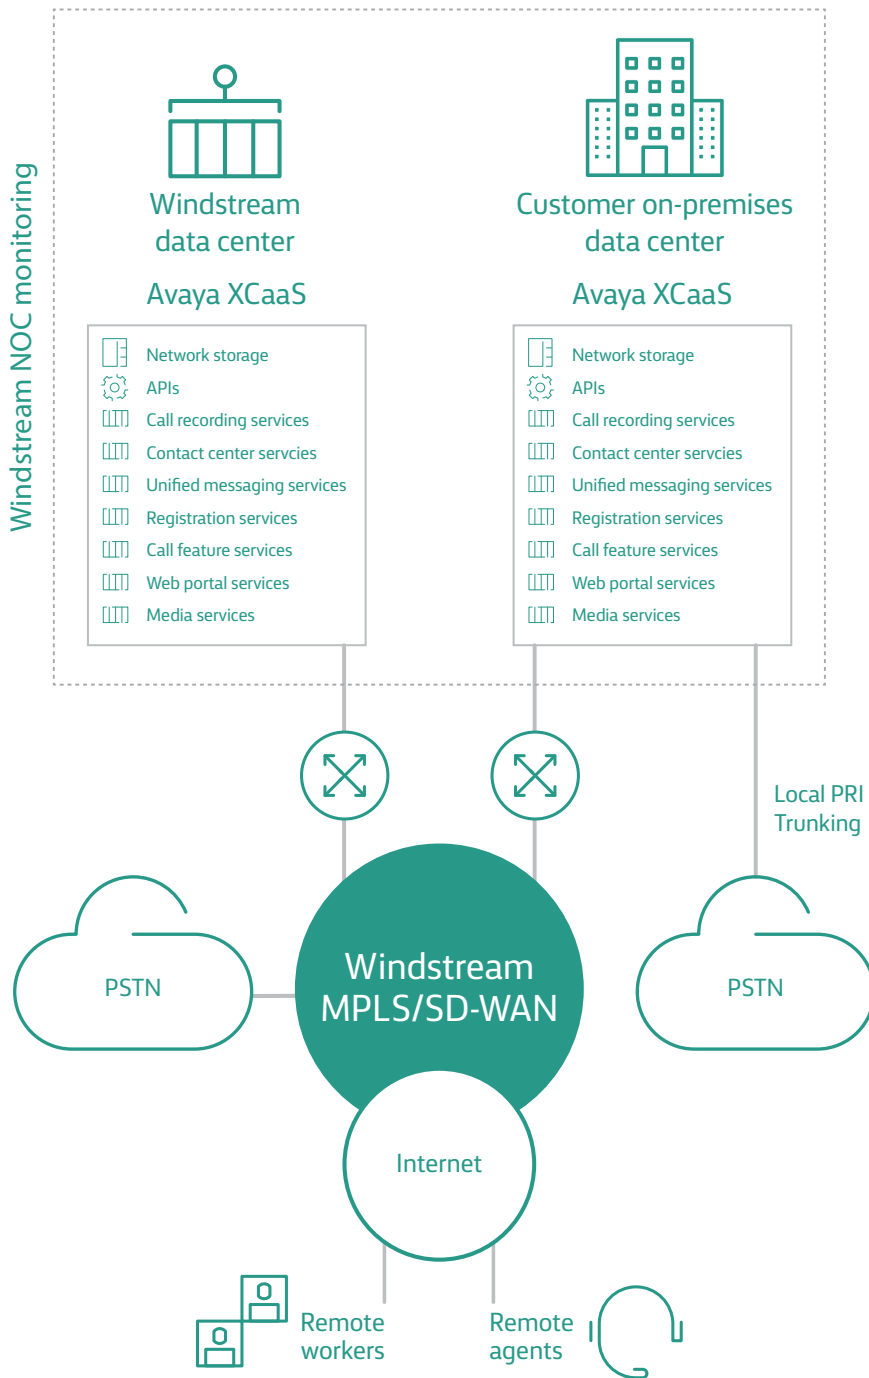

---

Presents a competitive, cost-effective solution

---

WINpod, powered by Windstream Enterprise, ensures peace of mind with on-premises survivability.

Cloud-enabled connectivity, communications and security—guaranteed.

Windstream Enterprise drives business transformation through the convergence of our proprietary software solutions and cloud-optimized network to unlock our clients' revenue and profitability potential. Our managed services streamline operations, enhance productivity and elevate the experience of our clients and their end users while securing their critical data and brand reputation. Analysts certify Windstream Enterprise as a market leader for our product innovation, and clients rely on our unrivaled service guarantees and best-in-class management portal. Businesses trust Windstream Enterprise as their single-source for a high-performance network and award-winning suite of connectivity, collaboration and security solutions—delivered by a team of technology experts whose success is directly tied to our clients' complete satisfaction.
