

Go beyond surveillance to gain better business intelligence

Powerful IP Cameras from Windstream Enterprise go beyond surveillance, providing detailed analytics for a comprehensive view of customer behaviors that will drive growth while protecting your business.

Meet IP Cameras

Gain better business intelligence while improving security with IP Cameras. Leverage centralized cloud management to deploy, configure and manage the cameras with ease.

Advanced analytics

Motion heat mapping analytics and industry-leading machine learning capabilities provide business intelligence to improve employee productivity and the customer experience

Centralized cloud management

An intuitive, online dashboard enables secure remote management of all cameras

Everything's included

Powerful hardware and video storage are included so there's no need for NVR software or extra analytics packages

Highly secure

Compliance requirements are met with automatic, publicly signed SSL certificates, encrypted management data offers privacy and additional cloud archive options are available

Bandwidth conscious

Video is stored on the camera, ensuring mission-critical network activities get the bandwidth they need

Always up-to-date

Feature releases, firmware updates and bug fixes are pushed automatically

Camera models

Model	MV22 Fixed dome camera for indoor security 	MV12 Compact dome camera for indoor security 	MV72 Fixed dome camera for demanding environments 
Storage	256GB high write endurance solid state storage	256GB integrated high-endurance solid state storage	256GB high write endurance solid state storage
Video	1080p video recording with H.264 encoding	1080p video recording with H.264 encoding	1080p video recording with H.264 encoding
Lens	3-9mm vari-focal lens	114° horizontal field of view (FOV) captures a whole scene	3-9mm vari-focal lens
Illumination	IR illumination up to 30m or 98ft		IR illumination up to 30m
Wireless	802.11ac wireless	802.11ac wireless	802.11ac wireless
Audio	Microphone for audio recording	Microphone for audio recording	Microphone for audio recording

Cloud-enabled connectivity, communications and security—guaranteed.
