

Digital Employee Experience (DEX)

Support a work-from-anywhere environment by empowering your employees with collaboration tools and increasing security on all devices.

The challenge

Employee engagement, productivity and innovation

Limited flexibility and work-life balance in traditional workplace environments

The solution

Digital Employee Experience (DEX) provides:

A comprehensive approach to enhance employee satisfaction

Flexible, secure and efficient digital workplace solutions

The impact

Improved employee satisfaction, loyalty and performance

Enhanced collaboration and innovation across the organization

Streamlined processes that align with a hybrid work model

Leverage Windstream Enterprise DEX service, powered by ATSG, to drive employee satisfaction, productivity and success in your workplace.

Key features + benefits
